

# KABALAH CLASS

## FORMING IN CUMMING

Namaste! Want to study at a higher level than just metaphysical? This is:

- the MYSTISIM behind all religions,
- taught from a Christian/Buddhist/Hindu (Eastern) veiwpoint
- an introductory class for a regular class
- held in 2 locations:
  - Wed.'s in Cumming &
  - Tuesdays in Atlanta.
- Both use authentic copyrighted Karin Kabalah lessons from published author Shirley Chambers, founder of the Karin Kabalah Center.

If you have studied metaphysics and are looking for more answers, insight and unity between many belief systems, this is IT! Requires meditation, dedication, reading, writing and more meditation!

This course is logical, full of facts, yet mystical. It gives you answers about cosmology and cosmogony, the microcosm and the macrocosm. Requires a commitment to spiritual growth. Not a lightweight, feel-good group, but an in-depth study course with written lessons and meditations each week. Kabalah gives you a tool to make sense of all the thought systems. Serious seekers will find what they have been looking for.
