*Tarot and Oracle Card Readings
Angel Divination and Magick
Healing Jewelry * Crystal Therapy*

Leanne's goal is to assist and inspire people, helping them become aware of options for making their dreams reality. Her readings serve to heighten awareness, sharpen focus, and empower the client to take responsibility for creating their desired future. Clients are inspired to take charge of their destiny, work with the Universe to manifest their intentions, and to enjoy their life journey.

Reading and studying the tarot since 2001, Leanne has received years of intensive training from local and nationally known authors and psychics. She has evolved into a Christian/Pagan servant, empowered by God, Goddess and the Angels to help and assist others on their path. Her angels and spirit guides assist her to be a fun and loving channel for Universal guidance. Leanne is a Leo with Scorpio rising and her moon is in Cancer; she was born in the Chinese year of the Dragon.

In addition to the tarot, Leanne also performs readings with a wide variety of oracle cards. These cards are similar to the tarot, but use different Universal elements. She reads from decks featuring angels, saints, ascended masters, unicorns, mermaids and fairies. Many times, the messages from the tarot are supported with another oracle tool, helping to provide additional depth and intuition.

Crystal and natural stone jewelry are individually handcrafted to match the needs or desires of her clients. Leanne uses fashionable and functional materials, which she empowers with angel and earth magick to enhance the piece's Universal energy.

Allow Leanne and the angels into your life, it may prove to be a wonderful experience!
